Reunification
Response

The Family Preservation and Reunification Response believes every child should have the opportunity to reach their fullest potential in a home and community that is safe and promotes their development.

Quantum believes the celebration of diversity makes us and the community stronger. We are committed to embracing everyone's individual differences so that we can help create a strong workplace and community that is empowered to reach its potential. We celebrate diversity of gender, sexuality and spiritual or religious belief along with all cultural backgrounds including Aboriginal and Torres Strait Islander people. Quantum recognises that we all have diverse life experiences that may be influenced by age, ability, social and financial status. Quantum support everyone's right to feel respected, safe, welcome and valued.
